BUG REPORT – AURAZONE WEBSITE

1.BUG ID 001:Add to Cart button not responding properly

Steps:

1. Open website
2. Select a product
3. Click "Add to Cart"

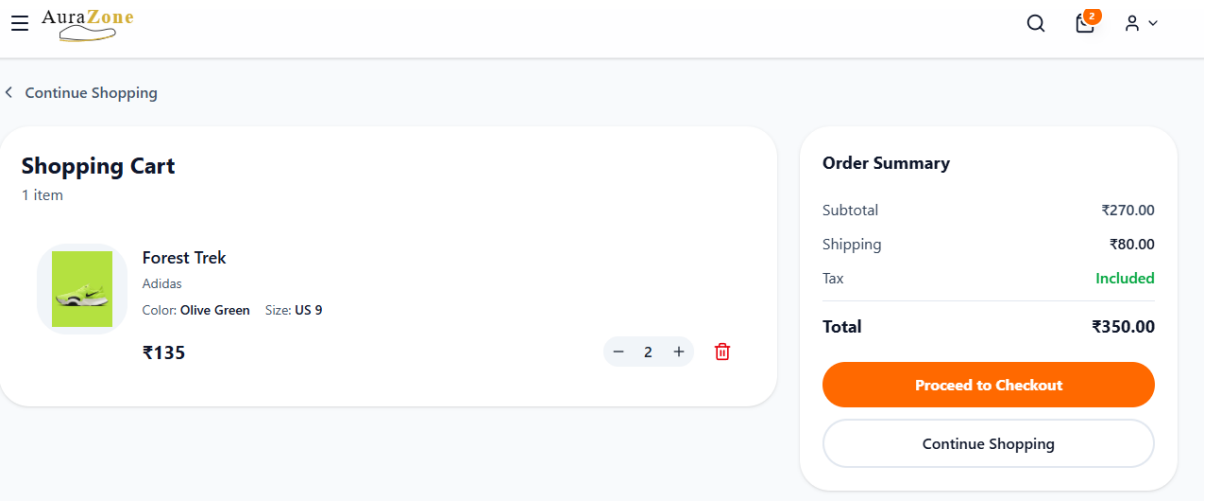
Expected Result: Product should be added to cart

Actual Result: No response / delayed update

Severity: High

Priority: High

SCREENSHOT:



2.BUG ID 002: Color variant mismatch / not displayed properly

The UI shows "1 / 2" → meaning 2 variants available.

But under Color Variant, only 1 option is visible.

Steps to Reproduce:

1. Open the product page
2. Observe product image section (shows "1 / 2")
3. Check "Colour Variant" section

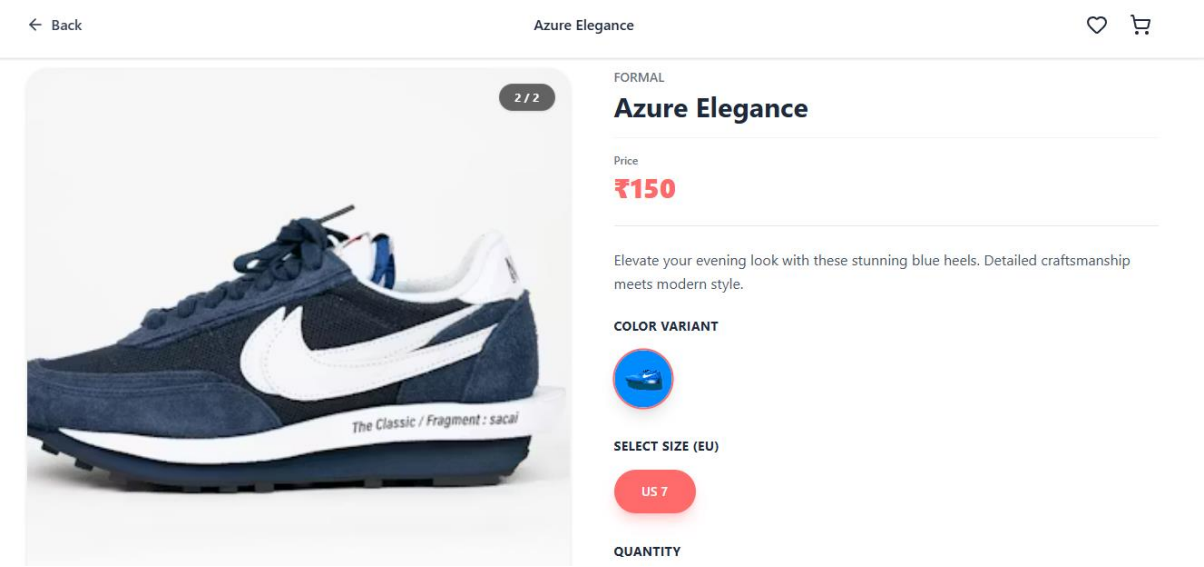
Expected Result: All available colour variants (2 variants) should be displayed in the Colour Variant section.

Actual Result: Only one colour variant is displayed, even though 2 variants are indicated.

Severity: Medium

Priority: Medium

SCREENSHOT:



3.Bug ID 005: Pagination buttons not working

Steps to Reproduce:

1.Go to product listing page.

2.Click “Next” or “Previous” pagination button.

3.Observe the page behavior.

Expected Result: Product list should update to show the next/previous set of items.

Actual Result: No change occurs; buttons appear non-functional.

Severity: Medium–High

Priority: High.

Severity: Medium

Priority: High

4.Bug ID 004: Wishlist not updating

Steps to Reproduce:

1.Go to product listing page.

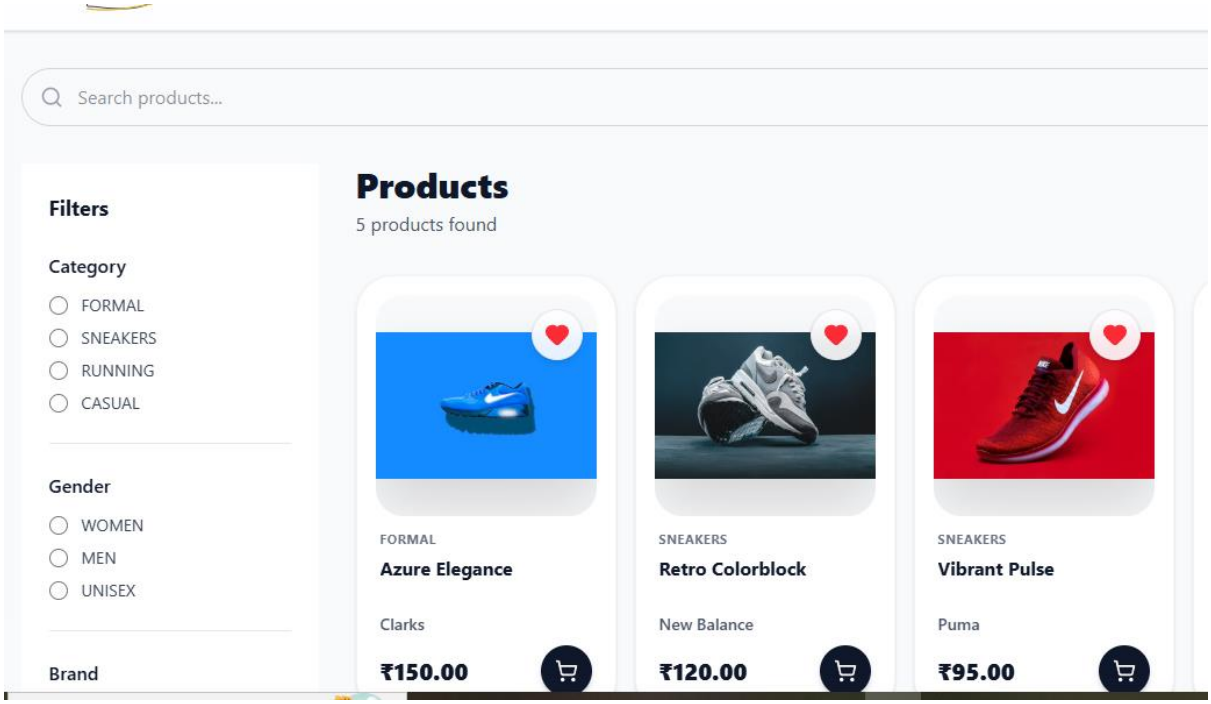
2.Click the heart icon on any product.

3.Observe whether the product is added to wishlist.

Expected Result: Product should be added to wishlist, icon should update, and a confirmation message should appear.

Actual Result: No update occurs; product is not added to wishlist and no message is shown.

SCREENSHOT:



5.Bug ID 005: Kids filter shows no products

Steps to Reproduce:

1.Go to product listing page.

2.Select "Kids" under Gender filter.

3.Observe product results.

Expected Result: Products for Kids should be displayed if the filter exists.

Actual Result: "0 products found" message appears; no Kids products are available.
